HOME ENTERED, LOOT TAKEN

Alleged Peepers Released—More Crime Reported

Gun-play on the South Side last night between Holly-st residents and porch-climbers featured the developments of the crime wave which had up to this time not spread to the South Side.

The west end residence bandits operated Monday night on Brice-ave, in the northwest part of the city and a half dozen attempts were made to enter rear porches in the 700 block, but forewarned by The News homes in this section have been well barricaded.

HOME IS BOMBED

Only one successful attempt was gained and this was into the home of former Sheriff Henry Van Gunten, Brice-ave. Here the thieves ransacked the upper rooms and secured a small amount of plunder, but police given a quick clue by Mrs. Van Gunten, were early on the scene, she

"On Sunday two fairly well dressed young men canvassed this section seeking a cup of coffee and sandwiches and claiming they were out of work and hungry," Mrs. Van Gunton told The News. "Last night about 3:30 they broke into our house by an upper bed-room window, and when detected made a getaway thru the back door. I had given my revolver, saved from county jail days ago, to my son, now in Cleveland, who reports stuck-up general there, or I could have plugged one of them. Believe me I am going to buy a new one."

Two burglars visited the home of George E. Gallie, 340 Elmwood-pl, Monday night and tried to gain entrance into the house by forcing keys out of the front and rear doors.

THIEVES FRIGHTENED AWAY

A call was sent to headquarters and in a short time two automobiles carrying separate squads of officers drove up to the house from different quarters.

"I expected them to catch two burglars who were working on the docks," Gallie said, "but they didn't. They frightened the men away."

In an interview Tuesday, Gallie stated that the two burglars worked

the locks on the doors at his home about 45 minutes before he led police.

HIGH SALARIES REDUCED

All But Best in Organizations Weeded Out.

(BY C. E. HUGHES)
LOS ANGELES — While the closing of large industrial plants in the East in the last few months has been felt in many ways in the economic world, resulting in some communities in business depression, the temporary curtailment of production in the large motion picture studios here is said to have a beneficial effect and to have served a long-desired need.

Inquiries as to the largest plants to day showed that the full which set in about two months ago is almost over, with most of the big organizations working at least 80 per cent of the time, and with some of them working full time and even overtime. It was noted that large numbers of persons are out of employment as has been reported in news dispatches supposed to have emanated from this city.

W. J. Reynolds, secretary of the Motion Picture Producers' Association, said:

"The motion picture industry, like other great industries, was forced to curtail its output when the recent business depression began in many parts of the East. The curtailment was gradual, however, no huge number of people being left without work as I understand was reported. Many actors suffered slight cuts in their salaries and there was a weeding out of all but the best help in the large organizations.

"One of the splendid results of the recent slump—for it is now about over—will be the elimination of 'fly by night' producers who turned out cheap offerings which have often been so objectionable to the State censorship boards."

Cecil B. de Mille, director-general of the Famous Players-Lasky Corporation, said:

"The motion picture industry was never a sounder business basis than at the present time. Such retrenchment as there has been in the last few weeks has been along the lines of curtailment in wasteful and extravagant production methods and has differed little from the corresponding retrenchment in all industries since 1920."

"Overproduction during the year of 1920 was responsible, in a measure, for the recent lessening of production activities. But this has now been adjusted, and the motion picture industry is facing the era of its greatest prosperity. Production activities at the Lasky studio alone at the present moment exceed the mark set at any time during the past six or eight months."

Joseph Engel, in charge of Metro's Hollywood studios, said:

"Recent reports that big studios are closing down and that armies of players are unemployed are absolutely untrue. Such reduction of production as has taken place has occurred in so gradual a manner that there has been no serious shock to the industry."

"There was a maximum of production of motion pictures last year with the result that a certain percentage of the films made have not yet been assimilated by the exhibitors. This, too, has operated to keep down the number of new pictures made."

"But with a reduction of the quantity of productions the quality is raised correspondingly. Obviously, the use of the same organization to make fewer pictures, with the greater length of time devoted to each production will result in a better product."

Living Tinsberg, of the Universal organization said:

"Groundless report that the industry has been in hard straits have come in most cases from small irresponsible producers who have gone into business on other people's money, and have been forced to suspend operations when their loans were called in."

"I can say for Universal that it is busier now than at any time during the past year."

MAJOR BEAUMONT GIVES KIWANISMS NEW IDEA OF ALASKAN CONDITIONS

"So great is the wealth of coal in Alaska, that you only have to kick up the surface with your shoe and coal is revealed," said Major George D. Beaumont, at the luncheon of the Kiwanis club, Tuesday noon. He said, in all his travels he never saw scenery the equal of that of Alaska. The real Alaska is to be found in the interior, he emphasized, when mentioning the fact that most people see only the coastline of Alaska.

PROBES GALORE ON IN MONTANA

Fiscal Affairs of State Departments Investigated.

HELENA, Mont. — "Have you been investigated yet?"

This once ominous query, which in times past meant sweeping reports on many departments and institutions of the state of Montana, is now a josh in the Capitol Building in Helena.

The Seventeenth Legislative Assembly is in session and the House Appropriations Committee has been divided into four sections to probe the fiscal affairs of all of the state departments and institutions.

In addition, members with various ideas as to the way the government of the State should be conducted in the interim between the biennial sessions are determining for themselves just how the thing ticks and what makes it run.

With enthusiasm and a voracious appetite for minute details they are going into the highways and byways for information. Subcommittees are climbing to the topmost notch of the political tree and others are trying to give new life to the tree by exposing them to the air and the light of day.

The committees are already working on the wealth of data furnished by the State Highway Commission, the State insane and tuberculosis hospitals, the school for the deaf, dumb and blind and the State industrial school.

The result of one quiet investigation which was never made public was brought to light when the House Committee on Taxation and Revenue cast a bombshell into the assembly by introducing a bill requiring every department which receives any funds from the State to settle with the treasurer every five days. Hereofore, the heads of departments have matched their own accounts and settled either monthly, semi-annually or annually. One member of the House declared these private accounts total \$400,000 of State funds.

CUTS WIFE'S THROAT, HUSBAND KILLS SELF

ASHTABULA — Threatening letters received from the black hand are said to be indirectly responsible for the attempted murder early this morning of Mrs. Thomasina Dedominico, this city, and the suicide of her husband, Frank Dedominico, an Ashtabula tailor.

Dedominico cut his wife's throat with a razor at four o'clock this morning, afterward shooting himself thru the heart. He died instantly. The wife was taken to the hospital where little hope was being entertained for her recovery.

Several months ago the Dedominico tailor shop was stripped by thieves. A can of gas had been placed in the vault by bank officials in such a position that it was broken open when the door was forced.

BANK ROBBERS DRIVEN OUT AS MUSTARD, PLACED IN VAULT, LETS GO GAS

A can of gas had been placed in the vault by bank officials in such a position that it was broken open when the door was forced.

E. H. DORSEY BUYS PIPER GROCERY

Jacob Piper to Retire From Business March 1

Sale of the Piper grocery, southeast corner of Market and Elizabeth-sts., to E. H. Dorsey, 127 S. Metcalf-st., affiliated with the Automotive Sales company, was announced Tuesday by Jacob Piper, owner of the store for the past 20 years. The purchase price was not made public. Dorsey will take possession March 1.

The Piper grocery is one of the landmarks of Lima. It was opened in 1900 by Jacob Piper in a building at the present location. It has increased and expanded until it will now invoice six times the price at opening, Mr. Piper said.

At the time the grocery was opened Mr. Piper declared he paid \$60 a month for rent of the building. Increase in value of downtown real estate may be noted by the fact the amount of \$500 a month is now being paid by Mr. Piper. Lease of the present building runs until next December. It was secured from the Ashtabula heirs.

Close confinement and attention to business in nearly a quarter of a century was assigned by Jacob Piper as his reason for retirement from active business. "But I shall never leave Lima, not under any circumstances," Mr. Piper said. He declared, at the present time, he had no plans to announce.

Mr. and Mrs. Piper reside at 319 W. Market-st. Both are leading workers in Trinity M. E. church. Mr. Piper is actively identified with every interest which is for civic betterment of the city.

He stated he and Mrs. Piper would take a trip, destination unknown, as a recreation from business cares, soon after turning over the grocery to Mr. Dorsey.

The new owner announced that he would continue the business much along the same plan followed by Mr. Piper. The store has catered to high-class trade in the city and farmers for a radius of 12 to 15 miles in every direction from Lima market their products at the Piper grocery.

PLAN TO RAISE FUNDS FOR EUROPEAN RELIEF

Mayor Burkhardt will attend a meeting of Lima various relief associations to be held at the Chamber of Commerce auditorium tonight, with the purpose in view of discussing methods whereby Lima will raise its allotted portion of the fund for the relief of the starving children of Europe.

Several communications have been received by the mayor, asking why Lima and Allen-co have not taken steps toward raising of this fund, calling his attention to the fact that most of the other cities in Ohio have already raised their quota and that some states have gone over their quota.

Following this meeting, the mayor will call an assembly of representatives of the Lima civic organizations to perfect plans for the campaign for the raising of this fund.

HIGH COURT UPHOLDS WOMAN'S CONVICTION

COLUMBUS — Houses of ill repute may be abated as nuisances under the state laws, according to a decision of the state supreme court today in affirming the conviction of May Wind of Steubenville.

The common pleas court had ordered her place closed as a nuisance, but failing to obey the court order, she was cited for contempt and sentenced to jail. In an appeal, she alleged that her constitutional right of trial by jury had been denied and therefore the statute under which she had been convicted was unconstitutional.

The supreme court, however, held the law valid and affirmed the conviction.

CARD PARTY, WED. NIGHT FEB. 16, AT MOOSE HALL. ADMISSION 15c.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, get out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parment (Double Strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.—Adv.

RULEY HURLED BY CAR ON W. O.

World War Veteran Injured and Auto Wrecked

CRASH CAME AT CROSSING

St. Marys Woman Dies in Lima Hospital, Monday

ST. MARY — (Special) — Motorist half a mile after safely negotiating "Dead Man's Curve" on the St. Marys-New Bremen road, an automobile occupied alone by Capo Ruley, 27, single, of Minster, a World War veteran of two years experience, was struck by a western Ohio interurban car and hurled many feet against a tree while in the act of turning onto the Drydener pike. Sun glare on the automobile windshield, shutting off the view of the approaching electric car is the cause given. Ruley has a broken nose, both wrists sprained and left ribs severely bruised. The automobile, property of a Minster car hire company, by which Ruley is employed, is a total wreck.

Aged 56 years, Calio Mair, single, member of a well known and highly prosperous Noble-ty family, died Monday at Lima hospital, where surgery revealed incurable internal cancer. The remains were transferred to the Mair residence. Surviving are five brothers and two sisters.

John F. Geiger local baker, has acquired Mrs. Sarah K. Jay's residence, Wayne and High-sts. The place is considered among the most desirable in the city. Mrs. Jay is sojourning in Florida.

The annual Valentine distribution by mail and thru the medium of school "boxes" was almost entirely amorous. Only rarely did an old-fashioned "comic" show thru. The day brought no special comment on the part of postoffice people and mail carriers. They had no comparison to make with last year's volume.

Otto Lietz, 40, married, had his right forefinger hurt when the member was caught in a gear at a machine shop here. The wound is expected to heal satisfactorily.

BANQUET FOR 80

Employees of G. E. Blum Guests of Merchant

The Blum's banquet room was the scene of a very happy affair Monday evening when G. E. Blum was host to his employees at dinner. Small tables at which the guests were seated carried out the Blum colors of red and blue in their decorations. Tall cathedral candles tied with blue tulle containing festively with red cautions and ferns while hearts for place cards lent a Valentine touch.

A program arranged by R. P. Mikessell from talent selected in the store was added to most pleasurable by the delightful talent of Harley Holmes, assisted by Mrs. F. J. Hobart, Virgil Kennedy, general manager of the store who presided as toastmaster, introduced Eugene Lippincott as the speaker of the evening. Mr. Lippincott chose "Sincerity" as the subject of his talk, which was presented in his usual forceful way and which was thoroughly appreciated by his hearers. A store "sing" led by Mr. Mikessell closed the evening.

BAUERS FOUND GUILTY UNDER CRABBE CHARGE

Henry J. Sauer, 41, proprietor of a cafe, 235 N. Main-st., was found guilty of selling intoxicating liquor by Justice Ernest M. Botkin, Monday afternoon.

Justice Botkin dispensed with finding Sauer guilty until three days have elapsed, during which time Sauer may file motion for a new trial. It overruled by the court, he will then impose a fine. Penalty for violation of the Crabbe act, under which Sauer was prosecuted is from \$100 to \$1,000.

Testimony developed that Sauer was arrested by police, after two men whom they had employed to secure whiskey in Sauer's place had reported to them. These men are Alexander and Watkins and are said to reside in Sidney.

How to Make Pine Cough Syrup at Home

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Time cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pine in a pint bottle, and fill up with home made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way you make a full pint—more than you can buy ready-made—for three times the money. It is pure, good and very pleasant—children take it eagerly.

Children Cry FOR FLETCHER'S CASTORIA

WANTS TO HELP OTHER MOTHERS — Mrs. Wm. Saker, 901 Nichol St., Utica, N. Y., writes anything that helps a mother with her children. My little girl had whooping cough and I was afraid she would choke. I gave her Fletcher's Honey and Tar and it helped wonderfully. She could sleep most all night without coughing. This good cough syrup checks colds, stops cough, cures phlegm and covers raw, inflamed membranes with a healing coating. Chas. J. Vorkamp, Main and N. Kibben Sts. —Adv.

VOTE AGAINST REAPPRAISAL

N. O. Stations Robbed—Delphos News Report

WAPAKONETA. — (Special.) — According to reports received at the local station of the Northern Ohio R. R. the Mt. Blanchard and Arlington offices of the road were broken into Sunday night, and quantities of merchandise stolen at each place. No money was taken.

The Delphos Co-operative Shipping association, of which W. C. Scott is local shipping agent, has made an enviable record to date, according to reports received at the local station of the Northern Ohio R. R. the Mt. Blanchard and Arlington offices of the road were broken into Sunday night, and quantities of merchandise stolen at each place. No money was taken.

According to officials. The weight of all stock shipped since November was approximately 85 cents per hundred pounds, and net proceeds amount to \$14,370.46.

Every man present at the meeting regarding the re-appraisal of property, held in the Van Wert-co court room, which included about 25 Delphos men, voted against the property re-valuation order. The county commissioners held a meeting and voted unanimously in opposition to the re-valuation. They also voted in favor of a resolution to the state legislature, asking the repeal of the school taxation law, which forces farmers to help in the support of city schools. The report of the meeting will be sent to the Ohio Tax Commission.

Four Delphos employees of the Pennsylvania R. R. will be eligible to the proposed Veterans' association, which will be organized among employees of the Mansfield division of the road. All men who have been in the employ of the company 20 years or more will be eligible. These four are already members of the similar organization of the western division.

The following were appointed to the executive committee to be in

charge of the arrangements for the minstrel to be staged by the Knights of Columbus here the second week after Easter: T. Z. Snyder, chairman, Ed. L. Haegen, secretary, Oliver Snyder, Anthony C. Weger, Dr. Daniel J. Clark, Emmett Reddington, Arnold Schmeltzer, Leonard Weible, Lawrence Lang, Anthony Utrup, Claude Bergfeld, Anthony Gerde, Raymond McKownen. Final arrangements will be completed at a meeting to be held Tuesday evening.

Glenn K. Rule, Van Wert-co, farm agent, announced Monday that a membership campaign will be conducted beginning Monday, in Washington and Jackson-tps. This is to complete the work of the 1920 campaign. He also announces that approximately \$8,500 will be given next fall in premiums at the county fair. J. A. Zeller has been chosen grounds superintendent of the board.

Carl A. Lange, son of J. H. Lange, dry-goods merchant here, while on a wedding trip, was taken ill at Toledo, with acute indigestion. He is at the Mercy hospital, and will undergo an operation. Lange was recently married. Miss Margaret Kundert, daughter of Mr. and Mrs. Henry Kundert of this city.

The body of Martin Moorman, a former Delphos man who died at Toledo, was brought to Delphos Monday and interred in the Hartford cemetery, from the U. B. church. Moorman was a member of the local Odd Fellows lodge.

Glean Schrider took fourth prize at the Dayton bowling tournament in the singles, when he bowled 686. The Royal Five also rolled in the five-man event, totaling 2457.

Mrs. Iva H. Stump, of Lima, will inspect the local lodge work of the Pythian Sisters, on March 1.

Actress Tells Secret

Tells How to Darken Gray Hair With a Home-Made Mixture

Jolee Williams, the well-known American actress, recently made the following statement about gray hair and how to darken it, with a home-made mixture:

"Anyone can prepare a simple mixture at home that will gradually darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Parbo Compound and 1-4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."—Adv.

JUST FOLKS—BY EDGAR A. GUEST

UNUTTERABLE WORDS

Death crossed his threshold yesterday
And left the glad voice of his loved one dumb.
To him the living now will come
And cross his threshold in the self-same way
To clasp his hand and vainly try to say
Words that shall soothe the heart that's stricken numb.
And I shall be among them in that place
So still and silent, where she used to sing—
The glad, sweet spirit that has taken wing—
Where shone the radiance of her lovely face,
And where she met him off with fond embrace,
I shall step in to share his sorrowing.

Beside the staircase that has known her hand
And in the hall her presence made complete.
The home her life endowed with memories sweet,
Where everything has heard her sweet command
And seems to wear her beauty, I shall stand
Wondering just how to greet him when we meet.
I dread the very silence of the place,
I dread our meeting and the time to speak—
Speech seems so vain when sorrow's at the peak!
Yet the my words lack soothing power or grace,
Perhaps he'll catch their meaning in my face
And read the tears which glisten on my cheek.

TODAY'S HEALTH HINTS

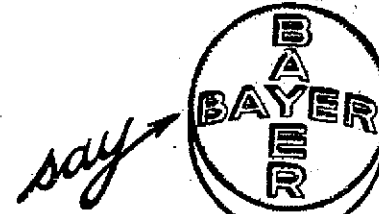

By William Brady, M. D.

LONG DISTANCE SITTING

Most of us who give exercise any thought at all decide to go to it for whatever it is worth, writes F. A. S. Jr., but alas! the enthusiasm wanes and the paunch grows. In a somewhat extended experience with exercise and games and games I venture the belief that the big trouble with "exercise" which by the way, includes walking, is that there is no sort of economic bee to sting one in a tender spot when one shirks the task.
But in play, continues our correspondent, ah! That is something else again. The fellow who has learned to play handball will think twice about passing up the usual hour of play. The volley ball enthusiast of forty or so renews his membership somewhat more regularly than the exercise fiend. The fellow who plays indoor baseball arranges his dates with his girl to give him the regular play hours to himself, and by the way, that makes it easier after he has married to cop the same hours. I've tried it and know. The tennis player—next to the golf bug—the tennis player takes precedence over all sport lovers.
So then, concludes F. A. S. Jr., exercise is rather a question of what sort of diversion or game can be relied upon to trick one into constant enthusiasm, to put spice and vim into a spineless and aimless life, and incidentally, to keep one in trim.
F. A. S. Jr., clearly points out a fundamental physiological fact. If your daily exercise is not in itself a pleasure it does comparatively little good.
If long distance sitting tournaments were conducted regularly in this country and cups offered the winners, the country would no doubt capture all the championships in the all-seasons event. Probably no people in the world can compete with us in the sitting game.
Two miles of oxygen three times a day on the hoof is a much better efficiency insurance and health preserver than any calisthenics or other room gymnastics or gymnasium work of which I know.

WHAT THE STARS PREDICT

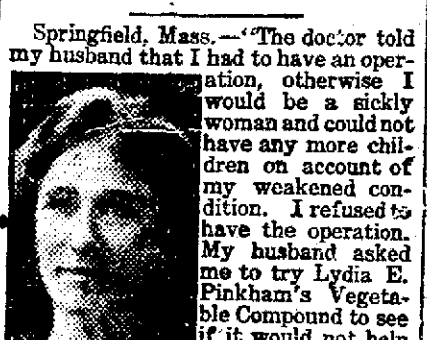

This is a lucky day. Women making an effort to gain political preferment will meet many difficulties, and will be forced to proceed very slowly. Contracts signed this evening will be governed by kindly influences. Naval affairs will be much discussed by Congress. Persons whose birthday this is will have a successful year, marked by much change. Children born today will have peaceful, successful lives if they are born in the morning hours. (Copyright, 1921)

"They WORK while you sleep"

WIFE TAKES HUSBANDS ADVICE

And Is Made Well Again by Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"The doctor told my husband that I had to have an operation, otherwise I would be a sickly woman and could not have any more children on account of my weakened condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound to see if it would help me. For the first four months I could do but little work, had to lie down most of the time, was nervous and could eat hardly anything, but my husband was always reminding me to take the Vegetable Compound, which I did. Of my eight children this last one was the easiest birth of all and I am thankful for your Vegetable Compound. I recommend it to my friends when I hear them complaining about their ills."—Mrs. M. NATALE, 72 Fremont St., Springfield, Mass.

Sickly, ailing women make unhappy homes, and after reading Mrs. Natale's letter one can imagine how this home was transformed by her restoration to health. Every woman who suffers from such ailments should give Lydia E. Pinkham's Vegetable Compound a fair trial. It is surely worth while.

YOUR NAME

By PHILIP FRANCIS NOWLAN
VARIATIONS—Hood, Hode, RACIAL ORIGIN—Norman-French
SOURCE—A given name.
The family name of Hood does not look much like those of the Edmund, Edward, Edwin group, yet it traces back ultimately to the same source—a Teutonic root word from which many given names have been developed. The meaning of this word "peace" or "happiness."
The Anglo-Saxon given name for the forms "Hoda" and "Hode," which not compounded with other words showing the tendency toward the more flat pronunciation that marked the tongues of the Germanic race. Among the Goths and even the Franks farther north in France, the form of the name was Odo. In connection it is interesting to note that the French today have two forms for the name of Edward: "Edouard" and "Andouard." They also have from "Andouard," which is the counterpart of the English Edwin.
This name, of Odo, was brought to England by the Normans, and met with quite frequently in the English records. But under the influence of the Anglo-Saxon speech together with the tendency to develop new forms of given names in an age when the population was getting much larger than the supply of names, the variations "Odo," "Hoda" and "Hode" were brought about. And when family names began to develop thru habit and from given names this surname became established. As in many other instances, it has disappeared as given name. The old pronunciation was not that of "oo" in the word "hood," but that of the long "o," in "hole." Our present pronunciations of "oo" are only of comparatively recent development.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasant results. Millions of boxes are sold annually at 15c and 30c.

ALL THE MONEY YOU HAVE CANNOT BUY TWO WORDS IN THESE COLUMNS

THERE IS CRIME IN LIMA

"THERE is no crime in Lima" say police and city officials. Facts prove there is crime, and of a very serious nature.

Added to the long list of criminal offenses which have been committed during the last two or three weeks are hold-ups by automobile bandits and robberies of stores on a big scale. All this almost simultaneous with the statement of the officials that the city is not in danger.

The ease with which prowlers and petty thieves have escaped undoubtedly will make the professionals bold and action by them may be expected if the police department and city officials continue in the lethargic state which has existed while various parts of the city have been overrun by yeggs and prowlers. If no action can be operated at will, they will argue what danger for trained thieves?

It may be this frame of mind which caused automobile bandits to stage a hold-up near the heart of the city yesterday morning and yeggs to enter a store and steal valuable jewelry almost under the nose of the police.

Even the most skeptical cannot deny the facts of these crimes. Instead of censorship of news and sulking in their tent the police would do well to stir themselves; take up the trail and run down the criminals now within our limits. While they remain none is safe.

THE VIEWS OF MEN

WHILE replies to all questions contained in the questionnaire submitted daily to men of Lima by The Lima News are interesting, there is much food for thought in the answers of these men to the question, "What would you do with a million dollars if you had it to give away?"

In most cases those questioned point out the charities they would favor. Some would build public institutions and others would endow those already built while others would hand it over to organized welfare bodies, but the big thing is that nearly every one has answered that they would give it in some way so that humanity in general would benefit.

This proves more than one thing. It proves that men are not as selfish as they sometimes are declared to be; that the spirit of brotherhood among men and the teachings of the Great Master of good will have not been forgotten even in this busy day.

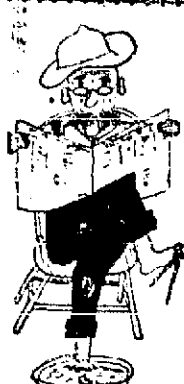

LIMA—A CONVENTION CITY

WHILE this city is the scene, many times, of assemblies of men and women, meeting in convention, the outcome of the effort of various organizations, the fact remains that, considering Lima's size and importance and her central location in the very best part of Ohio—the northwestern—there should be more and more of these conventions brought here.

There is food for thought in the above paragraph for the members of the Lima Chamber of Commerce, the principal organization of this city designed to present Lima's claims to fame on any and all occasions. Our chamber of commerce has an enviable reputation along most any line. Other cities seeking information concerning community effort, never fail to query the principal civic body here.

Just a case in point: Recently, officers of a commercial organization downstate, sent out queries to chambers of commerce in 16 Ohio cities, seeking information intended to aid them in their work. Lima was included. A letter received later, brought the information

CONFESSIONS OF A CINIC

I never drink coffee in the morning, because I know it will keep me awake.
I love personal liberty, but not enough to drink rat poison or embalming fluid.

that the facts provided by this city's organization were the most complete and comprehensive and valuable of any received from elsewhere. This is a little thing, but it helps to add to Lima's fame.

This city has everything that should attract conventions. They are a good thing. They help to advertise Lima's desirability. The hospitality of our people is unquestioned. Every opportunity that can be secured to demonstrate it should be embraced. Members of organizations of state or nationwide character should remember that when these bodies are considering a place of meeting, that Lima has splendid arguments to offer in her own behalf.

GIVING PERJURED TESTIMONY

READERS of the newspapers, those who have been following the progress of the trial of Judge William H. McGannon of Cleveland, charged with the murder of Harold Kagy, cannot be otherwise than impressed with the fact that somebody is committing perjury in the testimony presented.

A conflict of evidence concerning the whereabouts of Judge McGannon on the night of the murder of Kagy, in establishing and attacking an alibi, affords sufficient proof of perjury, but the most flagrant example of conflicting evidence comes from a single witness, Miss Mary E. Neely. In the first trial of McGannon, Miss Neely was the star witness for the state in an effort to connect McGannon with the killing.

In direct contradiction of her first testimony, the woman stated under oath last Friday that McGannon did not kill Kagy and that her first story was not true. This in itself was not so amazing, altho it afforded proof of perjury, but on Monday, when the woman denied her second story and stated that her first evidence was correct, affirming that McGannon had killed Kagy, it was sufficient to cause the Goddess of Justice on the court house in Cleveland, if there is one there, to turn around and hang her head in shame and disgrace.

Judge McGannon may not be guilty of the murder of Harold Kagy, but there is no question but that a number of the witnesses are guilty of perjury. They are convicted out of their own mouths.

SUCH IS AMERICA

IF you want to see a true picture of America look at this:

Seven hundred Russian immigrants landed at Ellis Island seven years ago. They were poorly clad, knew practically nothing about America. Most of them went to Lynn, Mass., where they became lost in the great industrial life of that city. Accustomed as they were to hard work they worked hard and saved their money. A day or two ago these seven hundred men and women took ship at Boston with \$750,000 in regular Yankee money in their possession. Each will have in American gold and gold certificates between \$2000 and \$5000. In Libau, in the interior of Russia, they will be rich. If they care to lay off work for the rest of their lives they can do so without wanting a single necessity or luxury.

Here is a picture of America when immigrants come here determined to work. It is one of the wonders of the world that here so much can be done with so little capital in either brains or money. It is a picture unparalleled in the world.

MISS LIMA: "Just as we had beguiled ourselves into the belief that the future was clear, the income tax man started his clarion call."

H. BELL WRIGHT VS. W. W.

We are rather impressed with President Wilson's refusing \$150,000 for a piece of writing on the ground that it would not be worth that sum. How does this strike our novelists? "I had rather be Wright than be President" may represent the average reaction.—Keith Preston.

LOVE AND DOUBT

Like sands that trickle from the grasp;
Like water that no hands can hold;
Like winds that no embrace can clasp;

Tossed in the whirlwind of the years.

THE HARDEST TEST

An eminent Herr Doktor in Vienna
Has discovered a new process, so they say,
Without cosmetics, rubber masks or henna,
To make a lady handsome in a day.

He guarantees them youth and pristine beauty.
He'll banish every wrinkle, freckle, stain;
A grandma he will make into a cutie,
And all of this without the slightest pain.

The double chin he chases from the presence.
He brings the blush of roses to the cheek,
Returns one to the age of adolescence,
The age of jazz and shimmy, so to speak.

He brings a powerful X-ray to a focus
Upon the optic nerve. That does the trick.
No monkey glands or other hokus-pokus.
It's great if he can only make it stick.

We'd like to have him demonstrate before us,
An acid test, the hardest sort of pull;
To try it on a Broadway "beauty chorus"
And see if he can make it beautiful.

GROCERY SALE IS ENJOINED

Purchaser of Mason Store Stock in Bulk is Plaintiff

That claims against the grocery store formerly conducted by Charles C. Mason, 202 E. Vine-st., might be presented and all creditors participate in a forced sale, an injunction to prevent a sale, with but a few creditors interested, was enjoined in common pleas court.

The action was that of Robert T. Trueland against Mason, the Moore Bros. company, the F. J. Banta Son company, the L. S. Gardner company and L. Snyder and Charles A. Plock constables of Ottawa-tp. The appoint of a receiver is also asked. Trueland contends he purchased the grocery in bulk, but that the sale was made without notice required by law and authorized in

the conduct of bulk sales by law of the state of Ohio. On judgments secured by the Moore Bros. company for \$75 and \$30 estimated costs, Gardner and Banta and Son company for \$44.09 and \$30 costs, the stock and fixtures and advertised for sale February 17 by the constables. Judge Becker ordered all persons who have claims against the grocery company must present them in common pleas court on February 18, after which he will order a sale date, when all creditors will share in the proceeds from the sale of the property.

COLUMBUS GROVE (Special).—The body of Mrs. Ida Mapel Doriot, 36, who died at the home of her sister-in-law, Mrs. George Bandert (Layens Doriot) Seattle, Wash., last Thursday, was brought to her home Monday. Death was due to a break-down of her system. With her husband, Otto Doriot, she left Columbus Grove last November for a western trip, in the hopes of benefiting her failing health. A brother, Clarence Mapel, resides in Pittsburgh.

Impassable condition of country roads and lanes made necessary hauling the casket containing the remains of the late Jackson Smith on a sled to the Pandora pike from his late home for transporting the body to the home of his daughter, Mrs. Peter Kohli, here. Funeral

services were held Sunday at the United Brethren church. Interment was at Truro. Smith was 78 and a widely-known farmer of Pleasant-tp.

Another interesting soiree at the home of Mrs. John Cable was enjoyed by about 50 interested music and art lovers Monday evening.

A delightful and unusual program was presented, the first part being given over to a group of talented young girls, beginning with the hostess' little daughter, Alice Mary, who played an original composition which she named, "Hearings of Morn."

Holly Spear, aged 10, played a Bach Minuet with much precision and care. Frances Miley sang, "The Song Drop" and one of Miss Lathrop's songs from "The Daisy Chain."

Miss Frances is 13, and under her mother's direction, has developed a sweet voice full of promise. Dorothy Whittington, a pupil of Miss Ray Heffner, played very effectively two numbers, "The Butterfly Dance" pleasing everyone.

Mrs. Harley Holmes read a group of beautiful little poems written by Eleanor Webb, who is just 12 years of age, and has chosen for her subjects moonbeams, goblins and the seashore.

Corinne Cross, a pupil of Mrs. Cable, played most delightfully Beethoven's "Moonlight Sonata" and a lullaby, one of her own compositions.

Neil Pursell, aged 13, a pupil of Mrs. Marie Hage Horsch, played remarkably well two difficult compositions.

Miss Norma Cohen, with a great gift, played Rachmaninoff's "Prelude," Mendelssohn's "Spinning Song" and a Liszt Rhapsody.

Miss Margaret Newman, a pupil of R. H. Holmes, gave a delightful violin number accompanied by Mrs. Holmes at the piano. This was followed by an encouraging talk to the young musicians by Mrs. H. B. Adams, of the Bluffton college.

Mrs. Adams has been a great inspiration both in the past and in the present and will probably always be that same splendid inspiration to all musically or artistically inclined.

Miss Helen Bentley danced an original dance to the music of Paderewski's "Minuet."

A social hour with light refreshments intervened before some of the older members of the group gave their share in promoting an evening of new enjoyment. Mrs. Kyle Booth played very artistically. Mrs. Ryan gave an intimate talk of stage life as she had known it and Mrs. Cable played one of Madame Horsch's own compositions and several of her own.

Miss Effie Hunt then sang very prettily, "Love's Surrender" by Shelly and Mrs. Marie Curless played magnificently "Romance" from Cavalleria Rusticana.

The great factor in these musical and literary evening given in Mrs. Cable's home is her wonderful power of appreciation of talent in others and of her ability to arouse people to do their best in every line.

This may be the last of a series of informal gatherings before Mrs. Cable leaves for Washington and was a fitting finale of the score falling on St. Valentine's eve as it did.

At a joint meeting of all the women's clubs in Lepis Monday afternoon James Allen Grubb, tenor soloist, Miss Nello Kriete, pianist and Miss Audrey Ackerman, reader, all of this city, were included in the program. Following the program, luncheon was served.

A very pleasant time was had Monday evening when Mrs. Jos. Zartman's class of the Trinity M. E. church entertained with a Valentine party in the church basement. The committee in charge included Miss Eva R. Keen, Miss Blanche Redd, Miss Lou King and Mr. Vergin. About 57 were present to enjoy the games and contests which were arranged by the committee. Later a dainty lunch was served in the dining room where five tables, prettily decorated with hearts, were arranged. Centering each table was a red candle tied with white tulle, which furnished a soft light.

Assisting the hostesses were Mrs. H. W. Meier, Mrs. G. I. Wallace and James Black. The affair served a dual purpose as Mr. Black was celebrating his birthday anniversary. Centering the dining room table was a lovely white cake with one large yellow candle tied with yellow tulle on it and covering the cake were little sweet heart candies. Following the dinner an interesting program was enjoyed with Dr. B. C. Bennett first telling of the origin of St. Valentine's day.

This was followed by a unique exchange of valentines which caused much merriment. Miss Muriel Meier then favored the guests with several readings which were followed by the singing of popular songs in which all joined. B. A. presiding at the piano. Guests were Dr. and Mrs. J. M. Mrs. Charles East and Mrs. Harry Pugh assisted the hostess. Bright red hearts were in evidence in all parts of the rooms which together with the soft light from crimson candles made a very pretty scene.

THIS HUSBAND TREATS HIS WIFE COOL

(By SUME SMART)

Dear Miss Smart: I am a married woman. I have been married the second time and for some reason my husband acts cool towards me. It worries me very much. I can do my housework which I do every day and he hasn't anything to say about anything. He doesn't notice anything. I sometimes surprise him with some good cooking and baking and he EXPLAIN to your husband that his neglect, ingratitude and laziness hurts you. Perhaps he does not realize that he is cool to you. It is unappreciative of what you do. If he does not talk much, you take the initiative and do the talking. Ask him about his work; him about things which you know he is interested in. Ask him or do anything to make him talk.

Your husband undoubtedly cares for you, or he wouldn't have married you.

No, I do not think that your children are in his way. If he should love your children, it would be wise for you in the future to teach them to respect and love your husband would their own father.

Dear Miss Smart: I am a girl of 14 and I received a box of candy from a boy 13 years old. I want you to tell me if I should get him a birthday present, or not. I did not get him any present for Christmas.

It is not necessary that you give your boy friend a gift for his birthday. I think, however, that it would be very nice if you would send him a birthday card, or if you would care to make him a box of "home made candy." I think that would be sufficient for boys and girls of your age.

Dear Miss Smart: I have been going with a young man for about a year. About two weeks ago I met another young man who asked to take me to a dance. I have been with him several times since. My "steady friend" did not know anything about it until the other night when he saw me with him. He asked me if I would promise to give this other one up and I refused to make the promise, thinking I liked the other one better. I guess it was a case of love at first sight. Now I realize my love for the first one. Every time I see him he speaks, but he hasn't asked so call since I refused to give up the other man. What can I do to win back his love?

I don't think it was a case of love at first sight. It was simply fascination, which usually wears off in a short time and is usually followed by regret. If you feel that your "steady young man" still cares for you, and still cares for you, you should stay with him. You see him you might ask him to come and see you again. Perhaps he feels that you do not care for him any longer. If you were not engaged to him, you really have nothing to apologize for, as far as going out with the other young man is concerned. However, you should not have done or said anything to offend him. It would probably have been better if you had told your friend that this young man asked you for an engagement and would he would have understood and would probably have not felt badly about it.

Dear Miss Smart: (1) I have been going with a boy friend and he has stopped his high school term. I don't know whether to or not. Please advise me what to do. I am in the third year of high school now. Do you think they will wear off for Easter? (2) Please tell me a good position which I can hold when I am thru school. (3) What do you think would be nice to serve at a party? (4) Do you think it would be wrong to accept a present from a boy friend if we are not engaged and do not intend to be? (5) Do you think I am too young to go with this certain boy?

(1) So you do everything that your friend does? He will undoubtedly at some time be having finished his high school. Do not be so fool even consider stopping school. (2) That would depend upon what you are to and what you are capable of. Study just as hard as and apply yourself while in the business world. (3) Wishes, salad, pickles and ice cream and cake, mints. (4) It would not be the thing to accept gifts of value. I think you are too young up all your boy friends for.

THREE INDICTED BALL PLAYERS APPEAR IN CHICAGO COURT

JACK DEMPSEY TO DEPART NEXT MONTH FOR EUROPEAN TOUR—FIRST VAN OF BASEBALL PLAYERS LEAVES FOR SOUTHERN TRAINING CAMP

WEAVER, WILLIAMS AND JACKSON ACCOMPANY THEIR ATTORNEYS

CHICAGO.—George ("Buck") Weaver, Claude Williams, and Joe Jackson, White Sox players under indictment for an alleged conspiracy to "throw" the world's series of 1919, appeared before Judge William E. Dever yesterday morning, when Attorney Michael Ahern of the law firm of Nash & Ahern filed a petition in their behalf asking the state for a bill of particulars, setting forth in detail the charges against the players.

Judge Dever announced that he would read the petitions and then continued the motion for arguments to Wednesday morning.

Assistant State's Attorneys George J. Crane and Charles R. opposed the petition for the bill of particulars on the ground that such should be furnished "only where the indictment is inadequate to apprise the defendants of the nature of the charge."

They asserted the indictments were complete enough to offer any information the defense might want.

In the petition Weaver, Williams and Jackson declare they never made any admissions such as have been charged to them; that they never "threw" the ball game or conspired to "throw" it. They further declare that "Charles K. Nims is unknown to them," and that they had never met the said Nims.

NIMS NAMED IN INDICTMENT
Indictments charge the players involved in the alleged conspiracy with having "unlawfully and feloniously obtained from one Charles K. Nims the sum of \$250 by means and use of the confidence game."

Nims is reported to have lost the amount named as a result of a wager on a game. Jackson, Weaver and Williams, among others, are said to have failed to establish his identity.

Assistant State's Attorneys Crane and Roe are said to be preparing to block any effort of the players to repudiate confessions alleged to have been made in the "fever heat" of the scandal. Citing another case, it is expected that they will argue in the effect that the confessions can be used against the man making them.

CENTRAL TO TACKLE STRONG FINDLEY TEAM FRIDAY

Central Hi fans are anxiously waiting for Friday to arrive. On this day the Central team play their last basketball game before the Delaware Tournament opens, and the game is to be played at home.

Central meets Findley and the they have already defeated that team on their floor it is the opinion of fans that the showing of the Central team in this game will be an indicator of what the team can do at Delaware.

The team did not practice Monday to give the players that got hurt in the Bowling Green game last Friday a chance to get the other nights this week.

It was discovered Tuesday that Dillo, star forward, has an infected hand that may put him out of the game for the rest of the season. It is to be hoped that he will recover soon as he is one of the strongest men on the team. He plays a steady game and is always in the teamwork. He can drop the ball thru the hoop at practically any distance and can break up opponents' passwork.

DOUGLASS MAY GET CHANCE
Douglass, last year letter man and utility man this year will probably get Dillo's place if the infection proves serious. Douglass is a scrappy player and can put up an excellent game.

The rest of the team is in excellent condition for the battle. Findley has improved since the last game when the two teams met and will prove tough opponents in all probability. In the last game they failed to get a field goal until the last few minutes of the game, but they are claimed to have improved considerably in their shooting ability.

SOUTH TO TIFIN
South Hi will travel to Tiffin Friday. South has already defeated Tiffin but this was on South's floor and the Lima team may not have an easy time of it at Tiffin as the floor there is claimed to be difficult to play on.

Capt. Brookhart is still out of the game due to his injured knee which was hurt in the St. Marys game two weeks ago. Whether he will be able to play Friday is uncertain.

IMPEACHMENT OF LANDIS NOT NEW

(BY HENRY L. FARRELL)

(United Press Staff Correspondent)
NEW YORK.—"We were expecting it. It was bound to come," John A. Heydler, president of the National League, said today, with regard to the move to impeach Judge Landis.

Heydler was the first to sponsor Judge Landis as the supreme head of baseball, and he almost wrecked the major leagues before he was able to get the American League behind the judge.

REFUSE TO COMMENT
Prominent baseball men here refused to comment on the case, saying the motives behind the assault on the barister are so obvious that no explanation is needed.

"Politics pure and simple, that's all there is to it," one of them said today.

Before he accepted the baseball job, Landis conferred with legal friends and department officials and along with his own deductions, he decided it would not be illegal for him to hold both positions.

WOULD GIVE UP BENCH
However, he told the club owners that if the amount of business even became too great, he would give up his place on the bench.

"If the politicians had kept their noses out of it," a baseball official said today, "the judge might have resigned from the bench before the middle of the season. But he's a fighter and since an attempt is being made to force him out, he'll fight them to a finish. It seems strange the great love for baseball that some of those politicians are acquiring all of a sudden."

SOME HI SPOTS IN SPORT

Other star ball players may go south for the winter and spend the off months playing golf or idling about in the sunshine, but Larry Gardner has a different system for keeping fit between seasons. Larry is president of a garage company in Enosburg Falls, Vt., his home town, and works hard thru the winter. The garage does a flourishing business and Larry is kept on the road much of the time, so that very often he is at the wheel of a car until far into the night. However, he says hard work agrees with him, and he is looking forward to another successful season at the far corner of the world champion Indians.

In one respect at least Jimmy Ring is unlike Greasy Neale. Both players were traded by the Reds to the Phillies for Eppa Rixey, and Ring has not objected to playing ball in the Quaker City. He sent his signed 1921 contract to the club a few days ago. Neale, however, according to reports from the west, has balked at playing in Philadelphia. He has not yet signed the papers sent to him by President Baker. The owner of the Phillies and Manager Donovan expect to see him at the team's training camp in Florida next month. They are not wavering.

A new challenger for Benny Leonard's title has come to the front. Sailor Darden, the negro lightweight champion Panama Joe Gans, has obtained his release from the navy and now is on the warpath. Hearing that Leonard is one white champion who does not draw the color line, Darden would like to tackle the lightweight champion. If Leonard does not find it convenient to meet him Darden is just as willing to meet Jack Britton for the welterweight title.

Organized baseball has declared war to the death on the gambling element of the country and that is just as it should be. The plan of old man O. B. is to fight gambling and game-throwing thru the various state legislatures and Ohio is to be the battleground of the initial fight. August Herr-

TO INVADE CHICAGO

CHICAGO.—Quite a band of eastern boxers who have been making a big noise at home are going to invade Chicago within the next few days, and their visit here is for the purpose of matching for bouts before clubs in this section.

No less than two of the visitors will be champions—one Johnny Wilson, middleweight title holder; the other Joe Lynch, kingpin of the bantams. Lew Tander, the Philadelphia sou'paw lightweight, also will be in our midst.

WILSON TO BOX MALONE
Wilson is expected to come this way to get ready for a bout with Jock Malones of St. Paul. It hasn't been decided in which city this clash will take place—the best bid will get the bout—but the champion will make Chicago his headquarters while this matter is settled. It is believed that St. Paul has the best chance of hooking this match.

Frank Mulken, the Milwaukee promoter, is anxious to sign up Wilson for a bout late this month or early in March. Mulken is figuring on sending Eddie McGroarty against the champion.

KELLY MAY GET TRY WITH LYNCH
Joe Lynch is expected Friday, and just as soon as he arrives will be unopposed by the promoters. It is understood Bill Frazier wants to match the bantam champion with Jimmy Kelly of Chicago for a bout in his Kenosha ring.

Tander's approaching visit is due to a match with Sailor Freedman in Milwaukee Feb. 28.

CADDOCK IS IN TITLE ROW

NEW YORK.—Earl Caddock is the light-heavyweight champion wrestler today. He threw Jim London, the Greek, after a contest lasting two hours, eight minutes and three seconds.

mann, president of the Cincinnati Nationals, and prominent in Republican politics for many years, will make the front for baseball. With a Republican house and senate at Columbus there should be no difficulty in putting over the measure which Herrmann will sponsor.

Gambling was one of the first matters taken up after Judge Kenesaw M. Landis had called the initial meeting of the new advisory council of baseball at Chicago recently. After plans for action in all the ball parks had been discussed, the recent decision of a judge on the Pacific coast in which he held that game-throwing was not a criminal offense was brought up and it was felt that it presented a problem which the council members agreed could be solved only by the passage of laws in every state that should be made so drastic that gamblers would be afraid to tamper with players.

'THOUGHTLESS WOMEN' IS WELL LIGHTED PLAY

Likewise, It's Nicely Photographed and Is Reasonably Pleasing

"Shavings" Comes to the Faurot Saturday Matinee and Night—Directory

(BY ESTHER WAGNER)
BECAUSE it is well lighted and photographed, "Thoughtless Women" makes a reasonably pleasing program picture. It will not, however, set the screen afire or keep the sidewalks blocked for any length of time. It's like a number of magazines you buy—something to pass the time with if there isn't anything better to do.

The story is an interesting one. Annie Marnet is a girl in poor circumstances whose mother wants, above all, to see her name in the society column. And Basil Boulton is a son of riches, whose mother is firmly established in the social realm and who has lofty hopes concerning her son and her only daughter (Gladys Valerie, who backs off and on the stage more or less clumsily).

Well, it develops that Sonny will become heir to much money whenever he takes unto himself a wife. And fate brings him to the home of the Marnets, where he meets, loves and eventually marries the girl.

Now he has—the "dirty" work! Son never loved Annie at all and married her just to get the inheritance. Her "new-in-laws" didn't receive her with open arms—she overhears her husband plot to divorce her, just as soon as circumstances permit. And she goes weeping back to her mother, where friend husband soon follows her.

The finale to this interesting train of events is a rather unusual one and leaves everyone more or less happy. Which is all that is necessary, isn't it?
Miss Alma Rubens, cast as Annie Marnet, goes thru her scenes in the pudgy manner that is all her own. She lacks poise and personality, and falls flat (technically) in the more dramatic scenes. Robert Williams, the husband, supports her in a rather stagey fashion. Lumden Hare—dear heaven, give words to express the work of Hare! Heaven does not answer. Therefore the less said the better.

The story of "Thoughtless Women" as said before, is not bad and may incidentally be the kind of story you like most to see filmed. If so, you want to see it.
It is appearing at the Lyric theatre.

O'Brien's Peerless Quintet, as appearing at the Lyric in connection with the picture "Thoughtless Women" is undoubtedly the best thing on the program. Popular music, snappy songs, etc., make up their offering, and each principal is an artist. The rendition of "Uh-Hum" is especially pleasing.

Faurot—"Shavings"
At the Faurot next Saturday afternoon and night the attraction will be "Shavings," a Cape Cod comedy based on Joseph C. Lincoln's novel of the same name. "Shavings" was one of the big successes of last season in

LIMA A COAL DUMP

Thousands of tons of Coal, much of it of an inferior quality has
been shipped into Lima this winter in search of a market. Such coal
is known in the trade as "Distressed Coal" and some coal haulers
handle such coal because it can be sold cheap to those who consider
"Price" before "Quality."

Our MANHATTAN LUMP is mined by the Manhattan Mining Co.,
our NYCO BLOCK by the New York Coal Co.; these companies think
enough of their product to brand it with their own name.

These are "QUALITY" coals. We know. For Coal Satisfac-
tion try them.

We also have in stock GENUINE POCAHONTAS lump, nut or
mine-run, Solvay Coke and Hard Coal.

Warren Melly started to carry home a bag of eggs. "The report that I broke one of them on the way home is a mistake," he says. "I didn't break it, it exploded."

A Man's Pie

Fresh—Delicious—Try it now

Just phone to your grocer or bake shop and say, "Send a Sun-Maid Raisin Pie," or make one at home according to the recipe below. You'll get the pie that men like best because of its flavor and nourishment.

The raisins are Sun-Maids, plump and tender. The pie is baked so the juice forms a luscious sauce.

It's a man's pie—and a woman's, too, because it is delicious and easy to prepare. Healthful, too, for raisins are nutritious. Rich in assimilable organic iron, which brings the tint of roses to women's and children's cheeks. Eat raisins daily in some delicious form and you'll get all the iron you need.

SUN-MAID RAISINS

Always use Sun-Maids for your every cooking need.

Made from California's tenderest, sweetest, juiciest table grapes, noted for their fragile skins.

Packed in a great sun-lighted, glass-walled plant. Sweet, clean, wholesome American raisins—the kind you know are good.

Three varieties: Sun-Maid Seeded (seeds removed), Sun-Maid Seedless (grown without seeds), Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid Brand.

Hollo's Varnish

And your figure rounds out to pleasing and normal proportions when you take a little VITAMON with your meals.

IMPORTANT—While the amazing health-value of VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, dizziness, sallow skin, poor complexion and a generally weak condition, it should not be used by anyone who objects to having their weight increased to normal. All good druggists have VITAMON in stock.

ATTACK OF SICKNESS LEFT HER IN A WEAK CONDITION

For Months She Lingered Unable To Do Lightest Kind of Housework

APPETITE HAD GONE

"My daughter never did get entirely over the 'flu' and was so weak and bad she could not do housework, or the lightest kind of task about the house. Her appetite was poor and for months she had been that way.

"She read in the paper where someone feeling like she did after sickness said Hypo-Cod was the best tonic to take, so she bought a bottle and honestly it is the most wonderful medicine. She now has a splendid appetite and seems to enjoy her meals so. She fills up a great big plate with everything on the table and nothing seems to bother her stomach now. She is much stronger

and she declares she feels fine. The duties about the house don't bother her at all now," declared Mrs. Elizabeth Moersch, 1885 E. Fourth Ave., Columbus, O.

When the disease resisting vitality is low following a long wasting illness or operation it requires a powerful tonic to do the work. Dangers from complications are great and at the same time the tonic must be perfectly blended or it will not agree with the weakened stomach. That is why this new, more modern and powerful tonic does the work so much quicker. It puts a person back on their feet days and weeks sooner. Earle's Hypo-Cod contains Hypophosphites of Lima, Potassium, Manganese, Strontine, Quinine and Sodium, combined with soluble extracts of Cod Liver Oil, Iron, Malt and Wild Cherry Bark extracts. Local druggists here in town recommend it highly. The cost is trifling compared with results.—Adv.
